It is hereby notified for general information that the Government of His Highness the Maharaja of Mysore are prepared to pay a reward of ten thousand rupees to any one who will discover the cause of spike disease among sandal trees and suggest a thorough and effective and at the same time a cheap and easily applicable remedy for its eradication. This offer will be open for a period of three years from the date of this notification.

2. Every applicant for the above reward must forward his report of investigation, accompanied by microscopic slides, drawings, etc., to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments. The following are the conditions to be satisfied before any claim for the reward can be admitted:—

(1) The cause of the disease must be definitely and clearly determined.

(2) An effective and chief remedy, easy of application, must be prescribd.

(3) The remedy should be such as would perceptibly check within a year the spread of the disease.

All claims will be submitted to the decision of a committee of not less than three specialists, including Forest Officers to be appointed by Government; and the decision of the committee or of a majority of its members will be final.

3. Persons desirous of investigating the subject may obtain from the Conservator of Forests in Mysore copies of a printed compilation of important and useful papers bearing on the subject of the eradication of spike disease.
